

X-904-4

Offshore Personnel Transfer Basket – 4 Person

4 person transfer device used to quickly and effectively transport personnel on and off of platforms. All X-904's are made of a sturdy and very durable aluminum skeleton that encompasses the rider to protect them from falling objects and any side impact that may occur. All models are equipped with quick release safety lanyards to provide safety and give the rider confidence while in transit. The X-904 is built above and beyond standard safety rules and regulations to provide a superior product to customers.
